

Dhyan Patel

Digital Artist

- An artist who skilfully merges traditional visual communication techniques with contemporary fundamentals by combining the authentic concept of designs with modern ways of designing.
- Believes in collective growth, my ultimate dream is to establish a school where artists can envision and shape their future over the coming years while working on live projects.

Job Experiences

Satva Softech 2024 - Present

Creative Head

- Communicating with clients and interpreting design briefs on a daily basis
- Translating client requirements into creative, functional, and visually compelling design solutions for a variety of projects, while staying consistent with the brand's visual identity.

Graphic Designer 2023 - Present

Shaligram Infotech

- Developed visually compelling designs based on project documents, ensuring alignment with client needs and branding guidelines.
- Produced engaging videos and motion graphics to enhance marketing campaigns, presentations, and digital content.
- Provided guidance and support to junior designers, helping them to develop their skills and improve the quality of their work.

Student President of Media 2020 - 2023

Gurukul Ar'ts Hyderabad

- Gained in-depth knowledge and understanding of camera technology, media production, and broadcasting processes, leading to improved efficiency and quality
- Developed and refined technical skills in graphic design, video editing, and media production software, contributing to the successful execution of various media campaigns and events.
- Oversaw a team of students in managing media-related activities, ensuring high-quality content creation and effective dissemination of information.
